Jane Hawley Stevens has been working with herbs from starting seeds to creating herbal wellness since 1981. Four Elements Organic Herbals is located in the Pristine Baraboo Bluffs, Wisconsin, on Jane and David's 130 acre certified organic farm, composed of cultivated fields, prairie and woodland.

Jane believes that healing comes from Nature, so dedicates her power to nurturing healing herbs, both cultivated and wild. These are hand harvested at peak potency to create her unique line of remedies.

In this rural setting, Jane has contributed her message of honoring Nature to schools, civic groups and through Four Elements Annual Open House over the past 23 years.

Four Elements: Cultivating Natures Wisdom
